The three elements of farce, specialty comedy and spectacular show are combined in the latest and most successful comedy, "Flannigan's Ball," which is being presented by the famous, original Irish comedians, Murry and Mack, and an extraordinary strong cast of farcecomedy players.

The "Murry and Mack" troupe came in on the afternoon train. Their appearance created a favorable impress ion and it is to be hoped that they will be greeted by a large audience tonight in spite of the inclement weather, as the effort to introduce to Bisbee attractions of the first order should receive encouragement.

Some of the shooters are today claiming the credit of having done good shooting, since they shot twenty or thirty shots, and while they did not get any turkeys they also escaped the payment of any damages they might have incurred had they hit the slaughter-house or killed some of Overlock's fat beeves. The shooting commenced at a range of sevty five yards, which was reduced later to sixty-five yards, and finally Mr. Over lock, out of a kindly consideration for the bad luck of the good shots already referred to, volunteered to hold the

Thanksgiving day was very generally observed in Bisbee yesterday. It is not probable there was any family in our midst who were without their tarkey for dinner, unless they preferred something else. There are no very rich people in Bisbee, nor are there any very poor to whom acts of charity on Thanksgiving day need be recorded, although there are no doubt kind acts unontentatiously performed among us every day equally as deserving of mention as the free distribution of material for a Thanksgiving dinner, which is noted annually in many other towns. However such distributions are certainly praisworthy and commendable. Indeed the people of Bisbee are so far removed from want or its immediate prospect, that they offignes forget the vast amount of want and misery existing in many other pays of the world. For their to the are condition have it may be yesterday and every day,
